PERSONALIZED FAMILY ENVIRONMENT

RESPECT AND FRIENDSHIP

SIMPLICITY AND NATURE

Chantemerle : A school in the spirit of Switzerland

Traditional - Personalized - Efficient

- **Traditional** : Since 1966, Chantemerle has remained true to its Swiss tradition, promoting strong family values, a healthy lifestyle and a culture of hard work.
- **Personalized** : With small class sizes, a limited boarding community and a majority of Swiss students, Chantemerle provides a truly personalised education
- **Efficient** : With outstanding academic results and competitive tuition fees, Chantemerle offers high-quality education accessible to a wide range of families

**An exceptional Swiss boarding school at a fair price –
because we invest in education, with heart
and common sense.**

An effective and structured learning environment

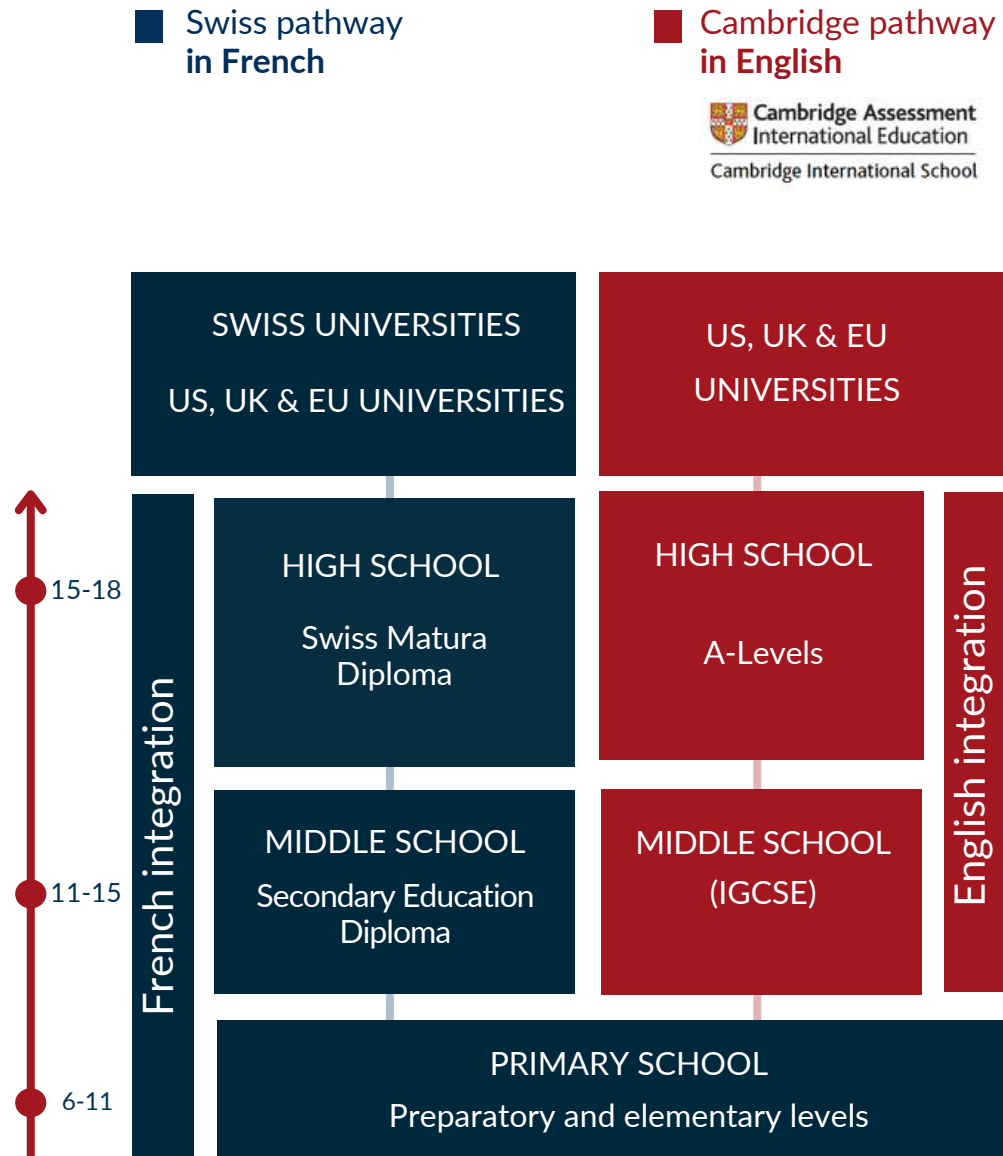

At Chantemerle, we promote a rigorous and supportive learning environment to help our students become autonomous and efficient learners :

- Small class sizes
- A positive and personalized learning environment
- Simple, structured classroom routines
- Daily supervised assignments
- Weekly formative assessments

Year after year, our consistently high success rates in federal exams reflect and validate the effectiveness of our approach.

Automatic admission in all Swiss public universities

Chantemerle proposes two academic pathways:

1. **Swiss pathway in French** preparing for the Swiss federal Matura diploma. The Matura grants automatic access to all Swiss public universities and is highly recognized internationally.

Also open to international students, the Matura grants them same rights as Swiss students, with high-quality education at low tuition fees. Our French Integration Programme brings students to B1 level for successful integration into the Swiss curriculum.

2. **Cambridge International pathway in English.** A sound alternative to the IB diploma that prepares for the Cambridge IGCSE and A Level qualifications.

Short stays - Study abroad & Language immersion programme

Throughout the year, Chantemerle welcomes international students from all over the world for short or long term immersive experience.

Studying abroad is one of the most enriching experiences for any teenager; it comes with great opportunities:

- Gain confidence in French, English or German
- Validate a programme abroad and return home without having to repeat a year
- Be exposed to different perspectives and cultures
- Develop self confidence and autonomy
- Enhance your future college applications

The programme also proposes a rich programme of excursions, sports, arts and nature activities designed to foster personal development.

Sport & Study programmes

Athlete-students can join **professional league clubs or academies** under a **swiss licence**

- Football, Basketball, Ice Hockey
- Tennis, Golf, Ski and Horse Riding
- Swimming, Water Polo & Artistic Swimming
- Gymnastics, Ballet & Figure Skating

Chantemerle provides the **structured and flexible education** needed to fit alongside their training and competition schedule

Key programme features:

Official academic programs in French or English

Top-tier sports training facilities and coaching teams

Efficient logistics, support and coordination

Personalized nutritional, mental and physical coaching

Possibility to compete under a Swiss licence

We have the experience and the right network to prepare athlete-students to apply to US and EU universities.

Simplicity at the heart of our educational approach

In a world increasingly shaped by digital technology, Chantemerle offers a programme built around simplicity, digital well-being, and a return to practical activities:

- **Simple daily rituals and healthy habits** to help students manage their time and take care of themselves
- **Regular physical activity** to strengthen concentration, self-confidence, and resilience
- **Artistic activities** to foster imagination and creativity
- **Practical life skills:** making their bed, cooking, repairing, recycling, and gardening
- **Outdoor activities** to reconnect with nature and adopt a sustainable lifestyle
- **International projects** and educational trips to gain a deeper understanding of the world

Educational holiday programmes
